

**Open Space Committee – Notes of meeting on 8-27-2015**

Approved 9/24/2015

Present: Ann LeRoyer, Joey Glushko, David White, Elizabeth Karpati

Absent: Jane Auger, Leslie Mayer, Michele Hassler, Teresa Debenedictis

Guest: John Pickle

There was not a quorum of current members present, but we welcomed John Pickle, who has applied to join the group, pending a "get-acquainted" meeting with the Town Manager and his final appointment.

John shared his interests in the community and his background as a scientist and now as a teacher at Concord Academy. He also talked about his volunteer work at Menotomy Rocks Park, including an innovative project to photograph specific sites at the park using a camera stand (Picture Post) to track changes over time. This has interesting possibilities for use at other places around town.

The Open Space and Recreation Plan is just about ready to print and send to the State for final approval. We decided that we need to print 15 copies.

Town Day is coming up on Saturday, Sept 12... John volunteered to help, and Ann and David will be around most of the day at OSC and several booths nearby (Con Com and Land Trust).

David distributed a new brochure about the Arlington Reservoir and ACROSS Lexington maps.

**Next meeting – September 24, 2015**

Ann LeRoyer
